		<p>an emergency room. Keep in mind that most ERs are not equipped to handle dental emergencies, so it's typically better to call our office if you have a bad toothache, knocked-out tooth, or other similar dental problem as you're more likely to get the treatment you need. We do our best to accommodate same-day visits and currently offer early office hours five days a week. When you call, a team member will be ready to help!</p> <ul style="list-style-type: none"><li>• [H5] How do I find the best place to get dental work done? ViewClose The first thing you should do is get a better understanding of what it is you're looking for in a dentist. Do you value specific services, such as dental implants, Invisalign, sedation, veneers, checkups, and cleanings? Or do you want to find a dentist that takes your insurance and works close by your home or work? Are you looking for dentistry that meets your needs as well as your family's? With all that said, we encourage you to pay our office a visit in-person to get a better feel for the office as well as meet our team members and dentists. You can also take a look at our online dentist bios as well as look over patient reviews to gain a clearer picture of what your future dental appointments may look like.</li><li>• [H5] What is the best way to find a cosmetic dentist? ViewClose Since there is no specific qualifier or specialization for what makes a dentist a "cosmetic" dentist, you'll need to look for other attributes to see if a dentist can meet your cosmetic dental needs. At Time to Care Dental Group, we have Doctors licensed to provide Invisalign as well as specific neuromodulators, including Botox® and Dysport®. Our doctors are also trained to provide Invisalign and DURAtin veneers, which are substantially thinner and remove the need for modifying teeth prior to placement. When you have the chance to speak with them directly to discuss your future smile, you'll quickly learn that you're in good hands!</li><li>• [H5] How can I find a female dentist? ViewClose Whether you're trying to find a specialist, or you simply feel more comfortable seeing a female dentist for care, starting your search online is one of the best ways to get the job done. As you search, you'll find that more and more dentists (and dental students) are women! While going online is a great place to start, you'll be happy to learn that Time to Care Dental Group has a highly experienced and knowledgeable dental team ready to provide you with the best possible care.</li></ul>
