- [H3] Hands-on Dental Implant Education
- [H6] At Implant Educators Academy we firmly believe that high quality comprehensive care is what every dentist should strive for. It is our duty to our patients as well as to ourselves. It is the responsibility of all dentists to be educated in dental implants so as to be able to share this information with their patients. Dental implants are fast becoming standard of care to prevent the further loss of bone in edentulous areas as well as to replace missing teeth. Informed consent can only truly be achieved if both the dentist and the patient are educated on all the treatment options.
- [H6] "Mentorship is the key to learning" Our co-directors will continue to help you long after you have finished the course. This ongoing support makes us different. Implant Educators looks forward to helping you to reach your goals in implant dentistry. When you learn why, when and how to place and restore dental implants, you can easily incorporate them into your practice. It is exciting for the dentist and extremely beneficial to the patients.

	Images	We found 11 images on this web page. 6 alt attributes are empty or missing. Add alternative text so that search engines can better understand the content of your images.
	Text/HTML Ratio	Ratio : **0%** This page's ratio of text to HTML code is below 15 percent, this means that your website probably needs more text content.
	Flash	Perfect, no Flash content has been detected on this page.
	Iframe	Too Bad, you have Iframes on the web pages, this mean that content in an Iframe cannot be indexed.
